

## Press Release

### EDISON: APPOINTED EXECUTIVE COMMITTEE

Milan, September 22, 2012 - After the shareholding reorganization, Edison begins a new phase of growth and development within the EDF Group, through the enhancement of its peculiarities and specific skills.

Edison will become the **hydrocarbons platform of the EDF Group**, will contribute to the development of the Group's **electricity business on international markets** and consolidate its position in the **Italian energy market**, benefiting from the cooperation with other companies of the EDF Group in Italy.

For this purpose the direction of Edison will be granted by the **Executive Committee**, which has been appointed and convenes, together with the **CEO, Bruno Lescoeur**:

Carlo **Banfi**, Asset Management for Power Generation;  
Pier Giuseppe **Biandrino**, General Counsel and Property;  
Didier **Calvez**, Chief Financial Officer;  
Pietro **Cavanna**, Senior Advisor in Hydrocarbons business;  
Giorgio **Colombo**, Human Resources, Information Technology and Purchasing;  
Nicola **Monti**, Hydrocarbons Exploration & Production;  
Roberto **Poti**, International Power Development and Institutional and Regulatory Affairs;  
Gianbattista **Retegno**, Engineering;  
Pierre **Vergerio**, Midstream gas, Energy Management and Optimization;  
Alessandro **Zunino**, Sales and Energy Services.

Public disclosure required by Consob Resolution No. 11971 of May 14, 1999, as amended
