

PRESS RELEASE

EDISON AND SPP SIGN MEMORANDUM FOR COOPERATION IN SECURITY OF SUPPLY OF THE SLOVAK REPUBLIC

Rome, June 26, 2023 – Edison and SPP announce that today they have signed a Memorandum of Understanding (MoU) for cooperation in the gas and liquefied natural gas sector (LNG), in order to increase Slovakia's diversification and security of supply.

The signing took place at the Slovak Embassy in Rome, on the occasion of the visit of the President of the National Council of the Slovak Republic Boris Kollar, in the presence of Ambassador H.E Karla Wursterova, SPP Board member Peter Kučera and Fabio Dubini, Edison's Executive Vice President Gas&Power Portfolio.

Under the agreement, SPP, the main Slovakian energy operator, and Edison, which owns one of the largest and most diversified long-term gas portfolio in Italy, undertake to explore possible synergies for accessing the capacity of regasification from LNG, to allow Slovakia to open new supply routes from the South and West, thus strengthening the security of the European system.

Edison

Edison is the oldest energy company in Europe, with 140 years of record-breaking results, and one of the leading operators in Italy in the sectors of distribution, production and sale of electricity and natural gas and in the provision of energy and environmental services. The company is at the forefront of the energy transition, through the development of renewable and low-carbon generation, energy efficiency services and sustainable mobility, in line with the Italian Integrated National Energy and Climate Plan (PNIEC) and with the European Green Deal objectives. Edison has a highly flexible and efficient electricity generation fleet, comprised of 200 hydroelectric, wind, solar and natural gas combined cycle thermoelectric power plants. The Group's total net installed capacity is 7.2 GW. Today, Edison employs over 5,500 people in Italy and Europe.
